

UNDER THE SPOTLIGHT

JAMAICA BLUE MOUNTAIN

- Just in time for the holiday preparations, these coffees are nice and bright. Our Clifton Estate has deep floral notes and a delicate yet lasting acidity.

The Clysdale brand is available in 66LB barrels, and also have a bright, resonant cup.

RWANDA AA BOURBON

- Of great value considering where most good Africans are priced. This coffee has a unique richness. Piquant, with a smooth caramel flavor.

MEXICAN SHG EP DECAF MOUNTAIN WATER

- This coffee has lost nothing cup-wise in the Decaf Process. Nutty, smooth and resonant are terms that come to mind while cupping this coffee.

PERU HB MCM GR1 BIO AZUL, ORG (NOP/EU) RAINFOREST ALLIANCE

- The Bio Azul initiative is one that aims to help small farmers improve the quality of their coffee while improving their quality of life. Having grown from a group of 14 producers in 2003 to over 600 producers in 2011, the farmers have gained from great technical assistance, which has in turn enabled them to offer a great coffee at a reasonable price. Additional information on Bio Azul available upon request.
This is the ideal time for Perus (including conventional), as they are aromatic, full-bodied and sweet.
